From the Desk of the Chief Executive

As I get down to write this page, I think again and again what to write—successes, failures, struggles, achievements, dreams, plans or some of these. Yeah! Some of these are a good proposition to start with:

This year we faced external evaluation of our Targeted Intervention Project on Hiv. With a vigilant team and the able commander, I was confident of winning the battle; still fingers kept crossed, as ever. We passed the test in grade 'A'. Thanks to the P.O, TSU, DPM, DAPCU and the T.I team for their support, guidance and hard work.

SAKHI, the community based organization of 'Binodini Karmi' that we helped grow last year has flown much higher than what we had expected originally. It has now become a part of a bigger network called, All India Network of Sex Workers, New Delhi. Geeta Dutt of the SAKHI has successfully acquired a position of one of the office bearers in the National network, which is going to be international soon.

Anti-Human trafficking projects in five districts, Bhadrak, Anugul, Khorda, Kendrapara and Ganjam under ATSEC banner completed three years successfully, Two more years to go before it is closed. A new Project Co-ordinator will join from April next to supervise the programme.

We are hoping to enter in to a new arena of supplying Mid-day meals to children in the primary schools. Our application is under consideration. Let us hope we are successful.

Date: 31-03-16

(S. M. Farooque)
Chief Executive

8. Audit Report

About Fellowship

What is Fellowship?

Fellowship was founded in 1978 by a group of committed men and women social activists. It is a non-profit, which primarily focuses on the women's issues. Fellowship is opposed to all forms of oppression, exploitation and violation of rights including violence against women.

Fellowship's Mission

Fellowship believes in a just and equitable society- a society free from violence, without discrimination based on gender, religion, caste, creed and colour. It strives hard to establish the rights of women and other marginalized groups like transgender community, sex workers, persons living with HIV and children by empowering them to take control of their lives, working in a collective manner with other groups, initiating and conducting campaign to end violence against them..

Fellowship's Vision

We dream of a society free from violence, without discrimination based on gender, religion, caste, sexuality, nationality and physical disability.

Fellowship's Strategy

In Odisha, where billions of people live in poverty and illiteracy is rampant, women and members of the excluded community face greater risks. Improving their socio-economic condition requires strong and systematic commitment and favorable govt. policies. Fellowship's basic strategy stems from the fact that 'Once the poor and marginalized increased their bargaining power, economic condition and assets, they used these new earnings to improve the education and health status of their families'.

Our inputs are based on the premise that by empowering self-help groups (SHGs) through social empowerment program, women and marginalized in the grassroots can effectively combat violence on them. We believe that dispute resolutions through peers counseling, help reduce vulnerability and promote peace in the families. As such, we engage self-help groups in alternative dispute resolution programme called "Vikalpa Mahila Nyaya Panchayat" at the grassroots.

We also believe in collaboration with govt. department to ensure proper implementation of the schemes for the disadvantaged including women, children, transgender and other sexual minority. Where there is a need, we advocate with the govt. for amendments in policies.

PROGRAM HIGHLIGHTS

Human Rights:

Lili Giri (not real name) of village Kadabarang in Bonth Block married to Anadi Das, a driver of the same locality, while she was 17 years old. In 2010 her husband died in AIDS. She had one year child with her at the time. Once, after her husband's death, she suffered prolonged illness and a relative brought her to the Bhadrak hospital where she was detected Hiv positive. The Counselor informed our office and we arranged for her CD4 count tested at Balasore hospital and she was put under pre-ART category. When her positive status was known, her mother, fearing neighbors' wrath would not allow her to stay with her under the same roof. On getting this news, our Counselor visited the family at once, contacted the local sarpanch and dignitaries and the mother could be pressurized to accommodate her in the same house. When the child completed three years he was tested and found negative. Now she lives on the income of her mother who is a helper in the local balwadi centre. In the mean time, we keep a regular watch on her. She goes for test regularly and has applied for a house under mo kudia scheme. Her child, who is now 6 years is in the primary school. We contacted the SOS village authority in Bhubaneswar and put up the case for admission in the village in the current session. The papers are being scrutinized and we hope, the child will get in to SOS village, an institution of international fame where he would get education, food, clothing, accommodation, and medical facilities of high quality free till he becomes independent.

On 15th October 2015 a meeting of the persons living with HIV was arranged in the office premises. The objective of the meeting was to identify challenges/problems faced by the community accessing social security schemes, to reduce self and felt stigma and to ensure CD4 counts on regular intervals. 25 PLHIV, both men and women participated and voiced concern. P.O, TSU, DPM, DAPSU, Community Care Co-ordinator, ART Centre Bhadrak, PD and staff, T.I, fellowship were also present. The meeting offered tremendous support and confidence to PLHIV.

Care and support programme:

A **Family Counselling Centre** is functioning in the office premises since 2000 which deals cases of marital disputes. It also educate people on various laws related to violence against women and their rights. The centre closely works with the District legal aid service authority. Till date more than 1200 cases are registered out of which 600 cases settled amicably. 146 cases referred to court and 90 cases to police stations in the district. The Centre is supported by the Ministry of W&CD,

Govt. of India through Social Welfare Boards. State Commission for Women, Odisha also uses the services of the FCC for resolution of local cases.

A **Short Stay Home, ASRAY** is functioning in the district since 2005. It provides shelter, food, clothing and health care to women and their children who are abandoned or face violence in their matrimonial homes. Counseling, both psychological and legal, vocational training and legal aid support also provided for a maximum period of three years. Needless to say, women who face violence in families pass through unspeakable economic crisis in life. For survival, they run from pillar to post. Fellowship supports to meet the livelihood of those women who are enterprising and capable of taking up initiative for sustenance on their own. The reporting year shows, 70 inmates admitted in the home. After counseling 50 cases could be solved. The inmates are also given vocational trainings like tailoring, Badi, pickle making etc. At present there are 33 inmates with their 24 children staying in the Home.

Case Study:

Minati Patra (not real name), aged 18 years of village Rasalpur under Remuna P.S in Balasore district lost his father when she was 3 years old. She had a brother younger to him. Her mother remarried to her uncle, father's younger brother. After one year her mother died on mysterious condition, committing suicide. Her uncle married again. Although both brother and sister were looked after by the grandmother, continued to suffer neglect, ill treatment and harassment by the other members of the family. At the age of 6, Minati was sent to her maternal uncle's house where she was admitted in to a school. She completed class VII there and returned back to her village to face hostility and deprivation again. She did not find any change in the behavior of her elders in the family. Faced with harassment, deprivation of food, love and affections at the tender age, she developed personality disorders. In the mean time, her younger brother, perhaps to escape hostile situations in the family fled home and remains untraceable even now.

The crux of the problem lies here; both of her uncle had malafide motives to grab the property that would be inherited by her as the father was no more. Mother's death under mysterious circumstances makes the case more suspicious.

This way, with the passage of time, she also grew up. One day, she left home and with the help of a relative found a job with a charitable family as a domestic help in Bhubaneswar. After one year, she desired to visit her family. She came home and the next day she was forced to sign a paper which she refused. She was locked in a room. She could escape through a half broken window and fled. Terror stricken and hapless, she boarded the first available bus from a nearby bus stop, and landed

at Bhadrak Bus stop. Seeing her alone in melancholic condition, police rescued her and admitted in to our Short Stay Home on 16.6.2015. She was provided with dress, food and medical checkup immediately. After counseling for some times, when she was recovered fully, she started revealing her stories. We summoned to her uncle who appeared personally at our office. From the beginning, they started blaming her as a habitual absconder who did not owe any loyalty to the family; hence, unworthy for the family. They also produced a copy of a letter signed by both uncle and grandmother which they had filed with the local P.S. after she fled home.

We contacted the local police station and sought their help to accommodate her in the house taking assurance from her uncle. Initially agreed to go back, but later on did not muster enough courage to live there alone amidst hostility. Efforts are on to locate the brother. In the mean time, we are preparing her to enter in to a legal battle over her right on property. Steps are also being taken to develop her skills, so that she could be gainfully employed somewhere.

Protecting Rights of children:

Fellowship runs a Child Care Institution where abandoned, trafficked and run-away children, mostly girl children are given shelter, food and medical care for a temporary period. The institute, which is recognized by government, works very closely with the CWC, and DCPU, Bhadrak. At present there are eight children in the institute. One inmate, Deepali Das was admitted in the SOS Children's village, Bhubaneswar in March 2014. Another child, Anil Giri, is going to be admitted there soon.

Anti-human trafficking program: Combating trafficking in persons

The Secretary and the Chief Executive of the Organization has been playing a pioneering role in the State to combat trafficking since 1999. He is the State Convenor of ATSEC, a regional level network headquartered in Kolkata, India. Centre for World Solidarity, Germany through its regional office at Hyderabad sanctioned a grant-in-aid to work in five districts- Angul, Bhadrak, Kendrapada, Khordha and Ganjam to address the issue of trafficking in persons. Marriage registrations, Public awareness, Economic rehabilitation of the returnees, ensuring anti-trafficking cell functional and training of the law enforcement are some of the focus areas.

On the International Day to End Violence, the 25th November 2015 a campaign against trafficking was launched in all the five districts. During **16-Days of activism** between 25th November and 10th December 2015 discussions, dialogues and awareness meetings were held in different Colleges in the districts. Hundreds of young and adolescents were sensitized on the issue of trafficking, violence

against women and gender in-equality, its adverse consequences that affect the lives of women and causes disharmony in the society. On the concluding day, 10th December, **Human Rights Day**, a public meeting was held in Chandigaon, Bhadrak Block in joint collaboration of Odisha Livelihood Mission. More than 1000 women- ASHA volunteers, SHG members and the inmates of the SSH participated. Prof. Jharana Pattnaik, Lalatendu Mohanty, Madhumita Sahoo, Sonali Suprichita of fellowship, Gundicha Behera, DPM, OLM, Bhadrak, Laxshmi Priya Nayak etc. also participated. Inmates of the Short Stay Home including some trafficked girls put up a Cultural Show for the entertainment and education of the participants.

On 2nd February 2015, a **state level anti-trafficking seminar** was held at the Red cross Bhawan, Cuttack in joint collaboration of ATSEC-Odisha, and fellowship. The seminar was inaugurated by Shri A.S.Naidu, Hon'ble Justice, High Court(Rtd). Other dignitaries who graced the occasion include the Secretary, State Legal Service Authority, Chairman and members of the Child Welfare Committee, Cuttack, Secretary and Director of fellowship and more than 100 representatives of the government and non-government organizations working on the issue of trafficking, child rights and domestic violence. The implementing partners of the anti-trafficking project presented brief reports highlighting achievements and challenges of their work in their respective fields. Media gave a wide coverage of the event.

The menace of trafficking and sexual harassment of minor girls has not even spared educational institutions. The problem is increasingly penetrating in to the temple of knowledge, as we see in the media reports. With the objective to assess the situation in the district, share the concerns of the school authorities, and to draw up an action plan, we organized a one-day inter-face meeting at the Sanskruti Bhawan Hall, Bhadrak in September 2015. Block Education officers, CWC members, government officials from District Child Protection Unit, NGO and civil society representatives participated and deliberated on the issue. The outcome of the seminar provided a lot of inputs for advocacy with the education departments.

Health:

ASHA-Accredited Social Health Activists (ASHA) schemes has been launched in the district under NRHM since 2012. There are more than 1300 ASHA in the district. Each ASHA is required to undergo 20 days of training in four rounds. Our organization was identified as a District Training Centre to facilitate training of ASHA since 2013. We were also given responsibility of formation of Mahila Arogya Smiti, MAS, in 30 wards of municipality and training their functionaries

and ASHA. 62 MAS in thirty wards were formed and accounts opened in the nationalized banks.

HIV / AIDS:

Targeted Interventions (TI) are a specific set of intervention in HIV/AIDS Control programmes meant specifically to reach out to groups seen to practice high-risk behavior known as HRG. HRGs are divided into Core Groups (comprising Female Sex Workers (FSW), Injecting Drug Users (IDUs) and Men having Sex with Men (MSM). The goal is to saturate coverage of high-risk groups. Apart from prevention of HIV infection, This facilitate prevention and treatment of sexually transmitted diseases as they increase the risk of HIV infection, and are linked to care, support and treatment services for HIV infected. The main components of the TI projects are Behavior Change Communication, Condom Promotion, STD care and support, Enabling environment, Community organization and ownership building, Linkage with services.

We are implementing a TI Project in Bhadrak in collaboration and support of Orissa State AIDS Control Society(OSACS) since 2006. As on March 2016, we are working with 600 FSW and 500 MSM.180 FSWs have formed 26 Self-Help Groups (SHGs) in Bhadrak out of which 26 have already opened their accounts in the bank and 15 groups availed credit for income generation activities. We have supported 8 groups with seed capital money for self-employment.

A first coalition of FSW in the state was launched on March 8, 2015, on the occasion of the international women's day, in a district level function held at the Karmachari Bhawan, Bhadrak. One significant thing that happened here was that, the community hitherto shying away from the public glare, not only disclosed their status in public, but also declared themselves 'Binodini Karmi', a step towards adding dignity to their profession. The association is registered as SAKHI Club under Trust Act and already obtained an important position in All India network of sex workers, New Delhi.

Exposure visits were arranged to Women's Co-operative run by female sex workers of Durbar Mahila Samanway Samiti at Kolkata and Abahan Project, East Godavari, A.P. Six HRGs availed the opportunity.

District status as on date:

Out of total 761 HIV detected so far, 189 death and 254 are reported to be full blown AIDS cases. Since last two years no new HIV positive cases identified. This shows the intervention is showing results. Intervention includes condom promotion, behavior change communication (health education), STI treatment and awareness education.

Economic rehabilitation

Two community based groups of MSMs have been formed in Bhadrak (Shanti Seva – 52 members) and Dhusuri (Saraswati – 31 members). Both the CBO are registered under Trust Act in Bhadrak. This is the first CBO of Maichiya and Hijra. 22 members of the Shantiseva group have been financially supported for self-employment. SantiSeva, the cbo is functioning independently since 2012. Under social entitlement schemes, 48 HRGs received Ration cards, 67 were linked to Pradhan Mantri Jandhan Yojana and Pradhan Mantri Surakhya Yojana.

Helpline for MSM

A “Telephonic H-line” for MSM, Hijra & Maichiya is running in our office since last three years. A telephone no is working especially for counseling service.

Drop-in-centre for MSM

Three Drop-in Centers are currently functioning in Bhadrak, Charampa and Dhusuri for the MSM communities. The center provides them with opportunities of entertainment, education, health care and counseling.

Action for Socio-legal protection of Persons living with HIV

Persons living with HIV (PLHIV) face unspeakable discrimination in the society as well as in the families. With the objective to protect their rights, we launched a project called Action for Socio-legal Protection (ASLP) of PLHIV in the district since July 2012. The main objective of this project is to aware the PLHIVs about various social benefit schemes in GO & NGO sectors and creating avenues for linkages.

FLASHBACK – MAJOR ACHIEVEMENTS

a. Gender equity- Hum Sath Sath.

Gender sensitization training in schools: Gender-based discrimination that traditionally exists in the families are perceived **normal** or **trivial** in our society. These trivial matters have great bearing in a child’s life when she/ he grows up as an adult. Male child who is reared up as the **center of power** learns to dominate over his **powerless** sisters. Thus, this learnt behavior in families, schools and societies, subjects a **male** person right to violate a woman’s rights, gradually. Thus, the process of socialization, as we see, reinforces gender discrimination.

With the objective to sensitize youths on gender, sex and gender based violence, how it affects life and peace in society and how we can address the problem in the society; we conducted gender sensitization training programmes in High Schools in Bhadrak. More than 2500 adolescents were sensitized under the programme.

Teachers are corner stones in educational institutions. They play very important roles in shaping morals of the pupils. Along with the students, we also make programmes to sensitize teachers on gender issues. The objective is to involve them in the programme, so that it gets institutionalized and continue in educational institutions. Under this programme 60 teachers were trained.

In 10 co-education High Schools in Bhadrak, **Maitrayee clubs** concept was introduced. These clubs act as resource centers, where students of both sexes mingle together to share their skills and hobbies like stamp collection, article writings, paintings, poems etc. The concept is becoming popular among the students.

Men and youth, after joining **Violence Mitigation Committees**, the resulted effect is very encouraging. Women from excluded communities hitherto facing violence alone and helpless are getting support from the VMCs immediately at their door step. Men are raising voice in support of women survivors of violence at appropriate forums. This resulted in making police more responsible and accountable. The VMC not only provide intervenes in cases of violence against women at the occurrence but also wipe them out before a small matter becomes serious - a **pro-active** approach to end violence on women. This model needs to be replicated in other places by civil society organizations working on vaw.

Alliance building among various stakeholders is the key factor in combating violence against women. Government organizations, local self government institutions, judiciary, non governmental organizations, police and media can contribute a great deal to end violence against women, when they work hand-in-hand. Workshops conducted at block and district level to familiarize the representative of the above institutions, with the provisions of **protection of Women from Domestic Violence Act-2005**. Regular meetings of alliance partners are held to strengthen the bond.

As a part of **Social inclusion of minority community**, interactive meeting was organized with Muslim community leaders. A two-day training programme on Menstrual Hygiene Management was conducted for 40 adolescent and college going girls. From the feedback of the participants it was evident that the training was very useful and relevant. On Protection of Women from Domestic Violence Act 2005, a training programme was conducted for women from the minority community on 24th February. 50 women leaders participated in this training programme.

b. PWDVA – 2005

The Act was promulgated in the country since October, 2006 but it fail to reach the common masses as there was no effort for public education. From 2007

we have been organizing training, public discussions, seminar and workshops in various parts in the district for raising awareness on the provisions of PWDV Act-2005. From the assessment it was evident that the public in villages are benefiting from the training programme and awareness programme. With the help of VMCs survivors are filing DIR directly with the Protection Officer. By the end of 2010 DIR was filled in the court and in 17 cases judgment was pronounced. The government steps to allocate funds for implementation of the act in the district effectively. Besides, the protection officer are submitting the return to government on regular basis..

c. Corporate Partnership:

The CSR initiatives were started in April 2008 by the organization aiming to create an enabling working environment for the communities residing with-in the plant and mine periphery of HCL at Ghatsila of Jharkhand. Besides, with the support of IBM we initiated community action in addressing several social issues such as trafficking on women. This year, we launched a computer literacy program for 200 students in D. N. Girl's High School, Bhadrak.

d. Humanitarian Response:

Fellowship has taken lead in the district reaching out to the vulnerable and affected community by responding to their needs in natural disaster situations like flood, cyclone and fire accident since a decade. This year in the month of September due to severe floods several villages in Chandabali and Dhamnagar Block were effected. We supported temporary shelter to 1000 households in Padhani, Dhusuri and Bhuinbruti G.Ps. of both the Blocks. Similarly in fire accident cases we have supported tarpulin sheets and ground sheets to 100 families in Bhandaripokhiri and Tihdi Block of the district. And also, we deployed two power boats for distribution of reliefs in the flood effected zones during floods.

Special events:

Under the aegis of the Forum for mitigation of violence against women, we organized public events on the International Day to End Violence Against Women on 25th November 2015 at the Sanskruti Bhawan, Bhadrak. World AIDS Day in collaboration with the Health Department in the district on 1st December 2015. Republic Day and Independence Day were celebrated by hoisting tri-colour at the Office premises. Advocacy meeting with police was held in the Rural P.S. where fifteen police personnel including IIC participated. A memorial meeting of Late Madhusudan Jena, a renowned educationist was held on 19 January in the meeting hall of ASRAY. The Project Officer of State Social Welfare Board, Ms.S. Vidyarani, visited the organization for inspection of SSH and FCC. She gave a good report of our work.

GOVERNING BODY 2015-16

Sl No	Name & Address	Designation	Qualification	Profession
01	Prof. Jharana Pattanaik Kuans, Bhadrak	President	M.A.	Retired Professor

SURVIVORS OF TRAFFICKING GIRLS PERFORMING DANCE IN THE AWARENESS PROGRAMME

MUSLIM INMATES OF OUR SHORT STAY HOME OBSERVED ROJA (UPABAS) AND PRAYED FOR PEACE AND HARMONY ON THE AUSPICIOUS DAY OF DIWALI

DESIGN - ARLAB BHADRAK

The Swaraj of my-our-dream recognizes no race or religious distinctions. Not is it to be the monopoly of the lettered persons or yet of moneyed men. Swaraj is to be for all, including the former, but emphatically including the maimed, the blind, the starving, toiling millions.

... Mahatma Gandhi
